

RE: Informational Meeting - 2013 Main Street (Jackson Street to east Village limits)
Utility Reconstruction

The Village of Little Chute will soon begin construction of the following project:

MAIN STREET from Jackson Street to east Village limits – All storm sewer will be replaced with new storm sewer laterals to be constructed to the right-of-way. All manholes and sanitary mains will be replaced, along with the sanitary laterals from the main to the homes. Water mains will be replaced, along with all valves, hydrants, and services to and including the curb box.

The goal of this meeting is to answer any questions or concerns that you may have. Specifically, the staging of this project and maintaining access to your property will be discussed. This is *not* an assessment hearing. *This meeting is only about the utility portion of the Main Street project. The Main Street concrete paving project is a Wisconsin Department of Transportation project and a separate informational meeting and Public Hearing will be held regarding the paving.*

The informational meeting is scheduled as follows:

Date: Wednesday, January 9, 2013
Time: 5:30 p.m.
Location: Village Hall, 1st. Floor Community Room
108 W. Main Street, Little Chute

If you have any questions, please call me at 788-7395.
